# CAPTAINS LOG

Hello crew,

I hope your Christmas and New Years was a great time for all! I also hope you enjoyed the free five promotion points to everyone for Christmas.

First things first! I am moving the Quarterly Awards Ceremony from February 21<sup>st</sup> to March 7<sup>th</sup>. This new date will prevent multiple scheduling conflicts I have been made aware of. I hope most of you can make it as It's only January and I have several awards and promotions to hand out!

Secondly, I want to share with you all a project I've been working on. It started with the small idea of "What id my crew could submit their own events & participation?" and exploded into a full multi-ship, multi-region crew management platform. I call it COMPASS: (Crew Operations Management & Personnel Assignment Support System).

If you haven't been one of the crew-members helping me test it, I want you to know that it is up and running. You can find it at

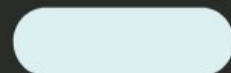

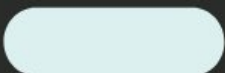

<https://sfi.wizardsgate.net> Just login with the same username or email you use for sfi.org and click [Forgot password?](#) to set it.

I connection with that, there is also a new event type. It's called Away Mission and is designed for when you do an event with just yourself or a small group. It's only worth one promotion point instead of two like normal event or meetings, but small things add up. Just Click on Events, Create Event, and enter the info. It will alert me when you've created an event and I'll review it and approve it if appropriate.

The Dashboard when you log in also gives you your promotion points so you don't have to reach out to me or wait for the monthly newsletter to find out where you stand. It even alerts you if you are eligible for promotions and lets you request promotion with a single click.

I hope this platform help you all get more involved and excited to be a member of STARFLEET and member of the USS Veritas. I hope to see you all in the near future.

# ***FIRST OFFICERS LOG***

Hello Crew,

I hope everyone has been having a good month and had a great holiday season. I've been doing some traveling and haven't had time to do the wine review. So I'll get back to it this coming month. Anyway, there isn't much to report on. So I'll get it started.

Ok, I know I'm starting to sound like a broken record on this subject. So, I would like everyone to think about what kind of articles they would like to see in the newsletter! I'd also like to see crewmembers writing and submitting articles.

We still need to be recruiting for the crew. I know I keep repeating myself on this subject. However, I can't stress it enough! If this ship and crew are to survive, we need to be recruiting people.

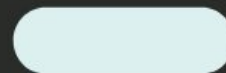

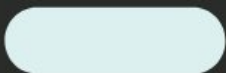

So, when you are out and about chatting with people ask about their interest in Star Trek. It can't hurt to ask them and tell them about the group.

Last but not least again. If any of the crew has a specific branch of Starfleet they would like to be part of, let the CO or myself know! We can steer you in the right direction. SFI Academy has courses geared towards your goals. They are very informative and can help you get promoted as well.

Also, if anyone has any questions, concerns, requests, or comments. Please feel free to contact the CO or myself. We'll be happy to assist you with anything SFI we can! I hope everyone has a great next month ahead of them.

XO, OUT

CMDR Bryan Fitch

# OTHER TREKS

This is the first of the “Star Trek the Lost Years” Series. The whole series maps out what happens in the time between the end of The Original Series’ five year mission and what occurred in the first full length feature film, “Star Trek: The Motion Picture.”

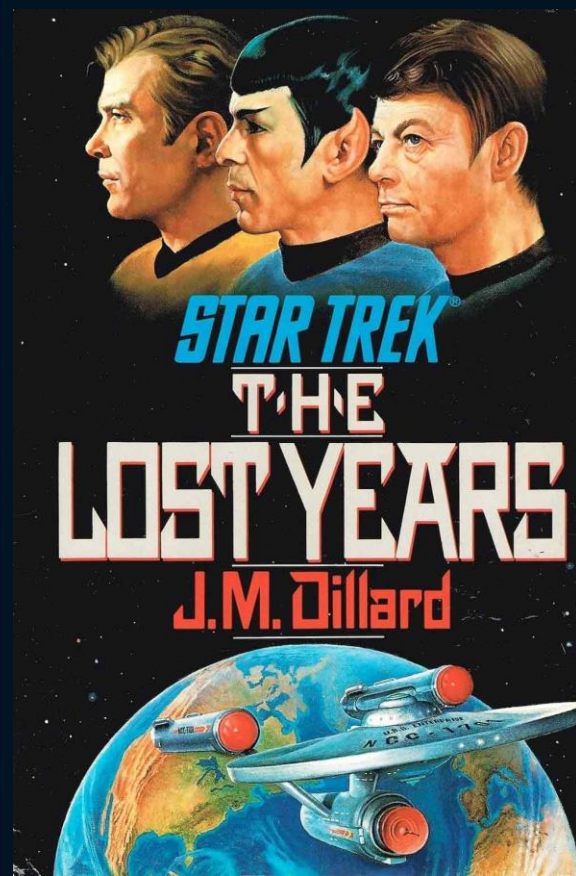

This book picks up with the docking of the Enterprise and her decommissioning. It then follows the triumvirate of Kirk, Spock, and McCoy and where they start to go after their time on the Enterprise. With this story unfolding of the three lives of the main characters, there is a background story of an ancient rivalry on Vulcan that divided the philosophies that shaped and molded Vulcan thought and culture.

A secret that the Vulcans have been keeping resurfaces and threatens the galaxy and possibly beyond with Romulan intrigue and espionage being involved as well. As this goes on Kirk battles with his career choices, Spock battles with his life-path choices, and McCoy battles with his romantic interest choices.

The three have taken their individual paths, but the background Vulcan, Romulan, galaxy drama will bring them back together, with each being different in and of themselves and not fully understanding the difference in each other. The three will face challenges both individually and corporately that could well shape the future of the galaxy. What is new?

It is an enjoyable with a good story line that is meant to set the stage for the other books in the series. When one reads this book, he or she will better understand why each member of the triumvirate are where they are at when Star Trek the Motion Picture begins.

I recommend the book for the avid Star Trek fan and for the novice alike. There is enough of what we are familiar with in Star Trek to keep the avid fan’s interest while filling in some gaps and answering some questions they may have had. It is also a good enough story to catch the attention of someone with a limited Star Trek background.
